

care workers *For change*

Care Workers for Change campaign for good jobs and sustainable funding in social care. We are fighting to win:

- ▶ **A real living wage, as a minimum**
- ▶ **Full pay for sleep-ins and travel time**
- ▶ **Fair contracts, no zero hours**
- ▶ **Enough time to care**
- ▶ **A safe working environment**

“Care workers are passionate and committed – we genuinely care but we’re not being treated fairly. That’s why so many of us are joining UNISON. We’re getting organised and we’re fighting back.”

Care workers and care users deserve decent care. Find out how you can help to win change at unison.org.uk/changeare
