Dear Quinton

Swaziland Global Week of Action

As you prepare for next week's Global Week of Action can I offer you the full support of UNISON and its 1.35 million members. We stand alongside you in your demands for an end to austerity measures and cuts in the salaries of low paid workers, an end to the corruption which has so disfigured the current regime, the release of all political prisoners and above all the unbanning of political parties and the establishment of multi party democracy.

Your legitimate demands must be the first stage in the ending of the tyrannical and repressive rule of the Mswati regime and an initial step towards building an open and genuine democracy in Swaziland. We support your demands and we stand ready to assist you in your quest for freedom, to be able to freely voice your opinions and to defend your members' rights at work without the threat of violence from the state.

We wish you every success for the Global Week of Action and we look forward to the creation of a free and democratic Swaziland.

Yours sincerely
