21 November 2011

Dear Jorge Manuel,

On behalf of UNISON I would like to extend our solidarity and support to the members of SINTAP and the UGT for your General Strike on 24 November.

As public sector workers in Britain prepare to take industrial action on 30 November in defence of our pensions, we also stand in solidarity with Portuguese workers in your fight against austerity, privatisation and attacks on fundamental social and employment rights.

I wish you success for your actions.

Yours fraternally,

Dave Prentis
General Secretary
