

# Young workers are worth it, not worth less!

## Young Workers' Month November 2016

We are worth the rate for the job not the wage for our age – and we deserve a living wage – the REAL living wage. But being worth it isn't just about pay. It's also about respect in the workplace. Young workers are too often bullied and harassed, just because we are young. UNISON's young members are campaigning to end this. We want zero tolerance of bullying and harassment. Together we can win because we are worth it – not worth less!
