

# Ambulance trade unions working together

## **UNISON, GMB and Unite want your views on changes to unsocial hours payments**

Ambulance staff receive payments for unsocial hours under Annex E of the Agenda for Change (AfC) agreement. Employers think the recent changes to AfC automatically change Annex E, and have proposed a new way of calculating pay if you are off sick. The proposal would mean that your 'Annex E' uplift would be deducted for any unsocial hours you were due to work during sickness absence.

UNISON, GMB and UNITE do not agree that these changes can happen automatically and have agreed to consult members on the employer's proposal - your union is running a consultative ballot and wants to hear your views.

Speak to your rep to find out more detail about what the proposal from the employers is and how it could affect you. Your view is important – make sure you vote in your union's consultative ballot.
