

**Diversity in the workplace:** Diversity reminds us that we are all unique and special. There is only one of us, never to be repeated again in the history of the universe. So let's celebrate our difference!

Inclusion requires sharing. It means giving something to others – time, support or resources, so that we can all engage fully in the workplace.

**DIVERSITY CALENDAR 2015-** key diversity dates to celebrate in your branch or in conjunction with the employer:
