

STRONG laws
STRONG enforcement
STRONG unions

When health and safety doesn't matter the consequences can be devastating. Buildings collapse, people get hurt or even die and lives are changed forever.

UNISON always takes health and safety seriously and will fight against any attempts to undermine our ability to keep our workplaces safe. Because it does matter. All the evidence shows that workplaces with a UNISON safety rep are twice as safe as those without safety reps at all.

Your safety rep is:

On 28 April, International Workers' Memorial Day, we remember the dead and fight for the living. We also reaffirm our commitment to healthier and safer workplaces and well trained safety reps who make a real difference.
