

# **Your school needs help**

## **17,385 schools still face cuts**

Ask your MP to change this:

**[schoolcuts.org.uk](http://schoolcuts.org.uk)**

## **Nearly 9 out of 10 schools are facing real-terms cuts.**

As a result of the campaign by parents, heads, teachers and support staff, the Government has found £1.3bn over the next two years from other parts of the Department for Education's budget.

This, while welcome, is nowhere near enough to reverse the £2.8bn in cuts that schools have suffered since 2015.

And under the current plans, schools are set to lose £4bn more by 2020.

## **Join us in Parliament on October 24:**

Schools need new money to plug the gap, but the Treasury refuses to commit any funding.

We can change this. With the Chancellor setting the education budget in November, now is a crucial time to put on pressure.

Join our mass lobby of Parliament. Meet your MP and ask them to write the Chancellor to reverse school cuts and properly fund education.
