

UNISON is leading the campaign for a pay rise for ALL NHS workers

NHS staff recently received a pay rise. But if you work for a company the NHS contracts or owns, you deserve a pay rise too - and UNISON are fighting to get you it.

Regardless of what logo is on your uniform, you should earn the same as someone who is employed directly by the NHS, if you both do the same job. But so many of you aren't and that's not fair.

Join the fight for your pay rise.
