

UNISON

the
union
for

Probation Staff

If you work for the National Probation Service, or one of the Community Rehabilitation Companies, UNISON is the union for you, whatever job you do.

It takes a whole team of staff to provide effective probation services; all working together to help rehabilitate service users, protect victims and keep our communities safe.

UNISON is proud to represent probation staff like you and proud of our network of probation reps, who all work in the probation service just like you. They know first-hand about the issues facing you at work. They understand the pressure you are under due to the stress of working in a service where structural change and upheaval have become the norm.

UNISON is the union that is out there campaigning to make things better and working to deliver real improvements for probation staff.

Your concerns are our concerns. We know that the government has changed probation and it hasn't worked. And while we understand that the prospect of facing yet more change is daunting, we believe that probation needs fixing.

UNISON

the union for

probation staff

We are campaigning for a better future for probation. We want to see an end to the artificial and damaging split between the NPS and the CRCs and the creation of a publicly owned and locally run service where you and your colleagues can focus on delivering for service users, victims, local communities and for staff.

Together we can deliver that change. So, join UNISON, add your voice to ours and help us Fix Probation. Together we can do it.

Help and support

Every member of UNISON is entitled to our full range of member benefits and services which include:

- advice, support and help when you need it at work
- a helpline that is open until midnight
- legal help for you at work and your family at home*
- financial assistance and debt advice in times of need
- compensation for accidents and injuries at work.

And we offer you a range of exclusive members discounts that can save you and your family money when you are shopping, buying insurance or looking for a holiday. And what you pay depends on how much you earn. See our website for costs.
