

College Staff Online Professional Development Seminar

26 November 2021

Want the chance to think about your own development away from the stress of daily working life? To meet like-minded colleagues from across the UK? To discuss how we can build the union to make your voice stronger?

Applications are now open for our **Online College Staff Professional Development Seminar 2021** and we are especially keen to welcome some new faces.

Our half-day programme of events includes workshops and engaging talks that will help you with your own development and to grow our union. These include:

- Developing digital campaigns
- Organising in private contractors
- Coping with stress
- Pay negotiations across the UK

Take it from last year's delegates...

*"Excellent presentations. As ever, much to take away from this event
– both presentations and networking"*

"Very enjoyable weekend"

*"Very good speakers and workshops. Great to speak to reps from other countries
and see what similarities there are in our various regions"*
