

**HELP SAVE  
BIRMINGHAM  
CITY  
COUNCIL**

**The government caused this.  
Help us make them put it right.**

Birmingham City Council is facing an unprecedented financial crisis due to a £87 million funding shortfall, which will result in major cuts to vital services and thousands of job losses if left unresolved.

The Council says it needs to find savings of over £250 million in the next 12 months but what services are they going to cut to find those savings? How will those cuts impact on you, your family and your community?

UNISON has been warning about this crisis for years, but no one would listen.

The government has caused this crisis, and now politicians must do the right thing and make more money available now to stop more cuts and the deepening crisis in Birmingham from getting any worse.
