## Conferences - What to expect

The National Young Members Forum sends two representatives to all Service Group Conferences, Self-Organised Group conferences and Labour Link Forum.

In 2022 the National Young Members Forum agreed to elect to these positions at the National Young Members Conference. The election will take place by a ballot of delegates at the conference. In line with UNISON policy on proportionality at least one representative must be a woman.

Any young member who meets the criteria can stand for one of the below positions (you do not need to be a delegate to Young Members Conference or a member of the National Young Members Forum).

At conferences, a representative of the National Young Members Forum can speak on behalf of the Forum. There's plenty of support available from the National Young Members Forum and the Young Members Conference Standing Orders Committee, and the UNISON staff who work with these committees. Delegates will be briefed on policy, and offered help writing and preparing speeches.

Being a delegate to a conference can be a really good way of getting to know UNISON and learn more about its work, as well as to represent the perspective of UNISON's young workers.

### **Representatives to Labour Link Forum and Labour Party Conference 2025**

You must be a member of the Labour Party with at least 12 months' membership of the Party, AND paying into UNISON's Affiliated Political Fund (Labour Link) to be eligible to be a candidate in these elections.

The Labour Link Forum is an annual gathering of representatives of UNISON members who contribute to the APF fund and who are also members of the Labour Party (for a minimum of 12 months from the date of the Conference).

This event discusses motions submitted by regions and it has workshop discussions on policy proposals. This event sets the agenda for UNISON's work with the Labour Party for the forthcoming twelve months.

The date and venue for the Labour Link Forum and Labour Party Conference next year are to be confirmed, but they are normally held in July and September.

## Arrangements for each conference

Accommodation, daily subsistence, travelling, and the cost of accessible services are met by the national union. Members' access requirements are met by advance notification to the UNISON Conference Department (Trades Union Congress /Labour Party Conference team for those conferences). Local hotels and the Conference Centre are audited for disabled people's access and delegates are consulted and given advice from national office about the most suitable hotel accommodation, this is based on the representatives' access requirements.

## Standing Orders Committee seats

The Standing Orders Committee (SOC) is independent of the National Young Members' Forum. It aims to ensure the smooth running of Conference business in accordance with UNISON rules and the National Young Members' Standing Orders.

The SOC compiles the preliminary and final agendas by considering all the motions and amendments submitted. The SOC also decides the order of business for Conference to debate.

Representatives hold office from the end of the Conference at which they are elected until the end of the next Conference.

Representatives will be required to attend 3 weekday meetings between July and December to discuss Conference business. Training will also be provided. The dates of meetings/training sessions will be set as far in advance as possible. Committee members' expenses are met by national funds.

At Conference itself, the SOC meets every day.
